Our time is NOW!

Players

Our players range from 8-18 years old. We teach the basic fundamentals of the game and provide advanced training for players looking to play at an elite level.

Our coaches work to assist players in obtaining college scholarships by communicating with college coaches and showcasing them in the best college exposure tournaments around the country.

As a non-profit organization, we are able to provide limited financial assistance* to players. We believe that all players should have the opportunity to play the game, regardless of their economic situation.

*Assistance is approved on a case by case basis.
